

News and Views...

and what have you

by BOB CRAIG

In this space last week we make mention of the fact that the first requirement for obtaining a band jacket was to sell a case of nuts. These remarks were not intended so much toward the band requirement as it was the money craze that seems to have beset the school—although we still don't see what bearing the ability to sell has to do with earning a band jacket.

In fairness to the band director, Tim Jones, it needs to be pointed out that the school does not supply any money for the jackets and either the band student must pay all of the cost of the jacket or else the money must be earned. This doesn't seem quite fair to the band students who spend a great deal of extra time practicing for the half-time show at the football games. It is likely that the band draws at least enough at the gate to pay for the jackets.

I have heard a large number of people complaining about the different groups at school coming around all of the time with something to sell. It seems to me it is time for the school to take a look at the situation and see if it hasn't gotten out of hand.

To an observer on the outside it looks as if the Senior Cass has pre-empted all of the other organizations methods of raising the money to finance their operations in their drive to raise money for the questionable purpose of a senior trip.

It is hard to see how this trip is worth all of the work it causes on the school faculty and the large amount of time spent by the students.

If the FFA, FFA, band, Pep Squad and other groups had the money raised at the concession stands at the sporting events it would eliminate all of the pressure on parents, friends and businessmen to buy unwanted candy, nuts, and other things.

If the seniors want a trip bad enough, let them pay their own way—which would probably be cheaper on their parents in the long run considering that 60c out of every \$1.00 goes out of town to pay for the merchandise that they sell.

I noticed where Eastland, Ranger and Cisco are looking into the possibilities of a joint Chamber of Commerce. This could be a very practical solution to the problem of the small towns in trying to gain industry and hold their shrinking populations.

Admittedly it would take a great deal of cooperation between towns to make the project work, but it could be well worth it since it is next to impossible for the smaller cities to afford a full time C of C manager and spend the money needed to attract industries.

This week end the Hamlin Jaycees are holding their annual carnival and if you want to have a good time and know that your money will be going to a good cause come on out any of the three nights left.

The Jaycees make 15 per cent off of the rides and all of the profit made on the booths they operate. The money is used to support their many youth and civic improvement projects.

This year the carnival is located downtown on Willard Jones' lot behind Safeway and there will be plenty of fun for all of the family.

A large number of Hamlin football fans will probably be found in Stamford Friday night taking in the Stamford-Anson game. Several people have asked which team they should support and as Coach D. C. Andrews pointed out it doesn't make any difference as far as Hamlin's chances to win the district go.

Annual Jaycee Carnival Now in Progress-Ends Sat.

The second annual Hamlin Jaycee carnival is in full swing here with fun and excitement for everyone. The four day affair opened Wednesday night and will close out Saturday night.

The big show is located this year on Willard Jones' lot behind Safeway and features all of the rides to be found at most carnivals and fairs plus 15

booths operated by the local club members.

This is the second year of the carnival here and it is expected to be bigger and better than before with several new booths added this year. There was some question Wednesday as to whether or not the club would be able to have their popular Dunking Sam in operation this year because of the

cold front that moved in on Wednesday morning.

Charles Absber, Jaycee president, said that like all of the money raising projects by the club the profits of the carnival will be used for their many youth programs and for civic and community improvements projects.

Carnival chairman Jerry Howard stated that the group has a large number of desirable prizes to be won at the various booths plus an attendance prize to be awarded each of the four nights.

Club members will run all of the games of skill and luck and their wives will operate a complete concession stand during the four days.

All of the rides will be operated by experienced carnival men who work with civic clubs all over the state supplying the booths and operating the rides.

1962 UPLAND COTTON ACREAGE USDA ALLOTMENT ANNOUNCED

College Station—U. S. Department of Agriculture officials have announced a national marketing quota of 15,714,000 bales and a national acreage allotment of 18,101,718 acres for the 1962 upland cotton crop. The acreage allotment includes an allocation of 100,000 acres from the national acreage reserve to take care of minimum farm allotments.

The referendum on marketing quotas is to be held December 12th, and at least two-thirds of the upland cotton producers voting must approve them if they are to be effective.

Based on recent planting and yield trends, the 1962 allotment is expected to produce about as much cotton as will

be used in the 1962-63 season, leaving the carryover on Aug. 1, 1963 at about the same level as the carryover for Aug. 1, 1962.

The national acreage allotment for 1962-crop upland cotton will be apportioned to states, state allotments to counties, and the county allotments to farms. Individual farm allotments will be made available to producers prior to the referendum, the USDA reported.

If marketing quotas are approved in the referendum, price support will be available to growers who comply with their farm allotments at such level as is determined appropriate by the Secretary. If marketing quotas are not in effect and price support will be available to cooperators at 50 percent of parity.

Under the 1962 quota program, growers who exceed their farm acreage allotments will be subject to penalties of 50 percent of the cotton parity price as of June 15, 1962 on the excess production. Also, none of the upland cotton produced on the farm will be eligible for price support.

The USDA also announced national marketing quotas and acreage allotments for the 1962 crop of extra long staple cotton. A referendum on these quotas will also be held on December 12th.

Sagerton Pastor Speaks to Faith Methodist Men

The Rev. Vernon Mayfield, pastor of the Sagerton Methodist Church, was guest speaker for the Tuesday evening meeting of the Methodist Men at the Faith Methodist Church.

Speaking on the topic of Christian Commitment to Personal Purity, he reminded the group that Christmen laymen should seek to keep the thorns out of their lives as the farmer works to clean his fields of the briars.

Bill Dominey, president, presided during the business portion of the meeting as they discussed local projects to be accepted by this organization.

Milton E. Crow Takes Part in Naval Operation Sea Shell

SAN DIEGO—Milton E. Crow, first control technician third class, USN, son of Mr. and Mrs. F. M. Crow of 836 S. E. Avenue "A", Hamlin, Texas, participated in operation "Sea Shell" off the West Coast of the United States and Canada, Oct. 2-13, while serving as a crewmember of the anti-submarine warfare support aircraft carrier USS Bennington operating out of San Diego, California.

The Bennington, flagship of an anti-submarine hunter-killer group, participated in the joint Canadian-American operations with 150 other ships, submarines and aircraft.

NEINDA PHILOSOPHER NOT AFRAID OF MACHINES ENSLAVING MAN, SAYS MAN CAN DO IT ALONE

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 is not afraid of machines, his letter this week claims.

Dear editor: I have been worried over the changes of machines replacing man, as some people seem to fear as the machines get more and more complicated especially the big, block-long electronic brain machines. In the first place, any time a machine can take over any job of work I'm doing, it's welcome to it. Nothing about that prospect that scares me.

But I was interested in the reasons a scientist gave the other day on why machines will not replace man.

According to this scientist, machines can't really think, they have to depend on man to put them into operation and to tell them what to add or subtract or multiply. And therefore, he said, to clinch his point, "machines will never outstrip and enslave man, they lack reason and cannot do what man endowed with reason can do, namely, screen sense from nonsense and make decisions from inadequate or even incorrect data."

As I understand this scientist's argument if you feed a machine the wrong information it'll come up with the wrong answer, it's only when you feed it the right information that it can come up

REV. EDMUND ROBB

Local Pastor Named Chairman Of Evangelism

The Rev. Edmund Robb, pastor of the First Methodist Church, was elected Conference Chairman of the Board of Evangelism of the Northwest Texas Conference of Methodist Churches at a meeting of the board held at McMurry College Tuesday, October 17.

This committee is responsible for planning and directing the evangelism program for the 325 churches, which includes 120,000 members, of this conference.

Rev. Hal Haralson To Preach Sunday At Fairview Baptist

Rev. Hal Haralson, assistant to Byron Bryant of the Public Relations Department of Hardin-Simmons University, will preach both services this Sunday, November 29. Everyone is extended a very cordial invitation to be present for the services. Rev. Haralson is a graduate of H-SU, attended Southwestern Seminary and served as assistant to the pastor of the First Baptist Church of Abilene.

Ginger Rabjohn, daughter of Mr. and Mrs. G. H. Rabjohn, was one of the five new members initiated into Texas Tech's chapter of Sigma Alpha Eta, national speech and hearing fraternity.

Cotton Harvest Picking Up Here

Both the Hamlin Farmers Cooperative Gin and the Neinda Farmers Cooperative Gin reported this week that the cotton harvest was beginning to pick up with Neinda ginning about 85 a day. Hollis Madden, manager of the Neinda, stated that he did not expect to be running full time until after frost.

The Neinda gin has handled 625 bales up to noon Wednesday with most of the cotton running about a third to a

half of bale to the acre. Most of the cotton being picked now is May cotton and the later cotton is not expected to run this high of average because of insects.

Here in Hamlin the gin reports 890 bales ginned with most of it averaging a half of a bale or better.

The Hamlin gin averages around 5,500 to 6,000 bales of cotton each year with last year's total running around 5,400. Neinda averages from 3,500 to 5,000 bales a year with 3,500 bales last year. Ginners are expecting this year's harvest to run about the same as

last year's because of the heavy infestation of weevils in the late cotton.

SERVICES HELD SATURDAY FOR MRS. EIVENS

Funeral services for Mrs. Lena Eivens, 90, were held at 2:30 p.m. Saturday in the McCaulley Baptist Church with the Rev. Gerald Tidwell, pastor, officiating.

Burial was in the McCaulley Cemetery under the direction of Hamlin Funeral Home. A resident of McCaulley for 56 years, Mrs. Eivens died in the Hamlin Memorial Hospital Friday at 9 a.m. following an illness of six days.

Born August 14, 1871 in Arkansas she came with her family to McCaulley in 1905. Her husband preceded her in death in 1940. She was a member of the McCaulley Baptist Church.

Survivors include two sons, Cecil of Levelland, Albert of McCaulley; three daughters, Mrs. Charlie (Mae) Maberry of Andrews, Mrs. Lola Drennon of Spur and Mrs. Ernest (Ila) Webb of McCaulley; one step-son, Charlie of Fort Worth; 18 grandchildren; 22 great-grandchildren; and 4 great-great-grandchildren.

Palbearers were E. M. Hicks, Milton Kiser, W. J. Kemp, Jim Fancher, J. S. Potts and Ollie Hennington.

First Methodist Church Revival Now in Progress

Evangelistic services are now in progress at the First Methodist Church with the Rev. Edmund Robb preaching. The Rev. Robb is serving his fifth year as pastor of this church and has held the fall revival each year.

Services are held daily at 7 a.m. and 7:30 p.m. with coffee and donuts served at 6:30, preceding the morning worship hour.

Music for the revival is under the direction of the Rev. and Mrs. Gene Moore. The Rev. Moore, former pastor of Faith Methodist Church, is Minister of Evangelism at the Polk St. Methodist Church in Amarillo.

Barton Smith, McMurry College student and recently appointed Youth of the church, will be conducting youth activities and the Rev. Robb will direct children's activities each evening at 7 p.m.

The meeting will close with the regular services Sunday which are: Sunday School at 9:45 a.m.; morning worship at 11:00 a.m. and evening worship at 7 p.m.

A cordial invitation is extended to everyone to attend the remaining services.

SCOUT MONEY COMING SLOW

Only about 40 per cent of the workers have turned in their cards on the Boy Scout fund drive, W. T. Johnson, fund drive auditor, said Wednesday. The annual drive was started last Thursday morning with a breakfast at the Primary Cafeteria.

Leldon Clifton, general chairman, asked that all of the workers who have not worked their cards to please do so by this week end so that the committee can wind up the campaign next week.

No report was available as to the amount of money turned in up to this time. No goal has been set for the drive.

HOSPITAL NOTES

Patients in the Hamlin Memorial Hospital Wednesday morning were:

Mrs. J. E. Crow
Mrs. Amelia Castillo
Mrs. C. A. Sewell
Mrs. Gilbert Guerra
Joyce Covington
Mrs. Rayford Skiles

P-TA Sets 'Dad's Night' Nov. 2

"Dads will have their day at P-TA" as they take over the November 2 meeting at 7:30 p.m. that has been designated as "Dad's Night" at Hamlin Elementary Parent-Teacher Association. Mrs. Bill Shira, president, announced that the men will have charge of the business and the entertainment.

The Rev. Frank Chapman, pastor of Sunset Baptist Church, will give the invocation-mediation.

Mrs. E. A. Hewitt is scheduled to give a chalk talk.

Pipers Take Week Off

The Pied Pipers are taking the week end off this week after reaching the midway point in the district race with a 1-1 record. They will host Spur here the following week for their final home game and then journey to Stamford the next week to finish out the regular schedule.

While the Pipers are idle, Stamford and Anson will be squared off at Stamford with Haskell taking on Spur. Anson will be fighting to stay in the race with a 1-1 record, holding a win over Spur and a loss to Hamlin. Stamford with a 1-0 record needs a win Friday to remain tied for first or to take an undisputed lead. Haskell is not expected to have much trouble with lowly rated Spur to hold on to their share of the title lead. With Hamlin idle this week many Hamlin fans are expected to go to the Stamford-Anson game Friday

night. A few reserved seat tickets on the Stamford side of the field, are available at the Hamlin High School for the game.

The Hamlin B-Team will

travel to Haskell tonight to take on the Haskell B-Team in their second match. Haskell won their last encounter by one touchdown.

The Freshman team will play their last home game Tuesday night when they take on Anson. Game time will be 7 p.m.

The Freshmen dropped a 36-14 decision to the Roby reserves Tuesday. Going into the final period the score was 16-14.

Years Ago-

The Sheriff's department of Jones county is getting red in the face over reports that there are some "stills" scattered over the county and if reports are true that corniskey and other brands are being manufactured and sold; nobody is going to get in trouble, Jones County was never disgraced by a saloon and good citizens will not long tolerate illicit saloons. . . . Mr. and Mrs. J. Hudson have two new boarders in their home since last week. They are young ladies of the finest type. The boarders are receiving accommodations and complimentary meals. The American people were called upon by President Eisenhower to offer a silent two-minute prayer at noon on Armistice Day. . . . Compulsory school law goes into effect October 31. We hope to have the hearty cooperation of every father and mother in this matter.

25 Years Ago-

Next Tuesday morning when you go down to vote don't get excited when they hand you a sheet of paper larger than this page of the Herald. The ballot has eight columns and is about 22 inches long. Fancy how this looks arranged this way in columns, by parties: Democrat, Republican, Socialist, Union, Prohibitionist, Independent, and Blank. The blank may mean the "What-not Party." All one needs to do is to make a plain black pencil mark down the six columns you do not want. Finally after you have done all your scratching gently fold up the "party blanket" and deliver it to the presiding official. You have done your great duty as a citizen. Each little vote, like each little drop of rain, must be counted to make up the great streams of good government.

15 Years Ago-

Haskell Carter was named new West Texas Chamber of Commerce director for Hamlin to succeed Tate May who resigned. . . . Mr. and Mrs. Mack Stewart last week end became new owners of the furniture store operated for years by M. P. May. The Stewarts had been in business a number of

years. . . . Hamlin High School papers passed a stiff test Friday evening on Bulldog Field at Stamford — maybe stiffer than anticipated—when the Pipers roundly thumped Stamford to the score of 14-0. . . . Mr. and Mrs. Bill Smith of Route 2 of Hamlin, are announcing the arrival of a son. The young man was born Monday at the Stamford Hospital. He weighed in at seven pounds and nine ounces.

10 Years Ago-

Hamlin almost got a soaking rain on Monday, for which long it had been hoping and even praying. Sunday night the distant horizons began to occasionally glint with lightning and shortly after dawn Monday the skies released a few sprinkled drops that by noon had turned into a dismal drizzle. But the drizzle did not become a down-pour as was hoped. Tuesday dawned sunny and hot. . . . A girl for Mr. and Mrs. Louie Leon Criswell weighed six pounds four ounces when she checked in at 7 a.m. October 18. The little gal has been labeled Kathy Joan. . . . McCauley citizens are proud of their new 65,000 modernized Farmers Gin. The 240-horsepower natural gas engine eliminates smoke from farm district. R. L. Miers is the manager.

5 Years Ago-

Commercial building projects in Hamlin have continued to bustle in recent weeks and the skyline is reflecting expansions that keep the eyes of gloom chasers on this Northwest Jones County metropolis. Underway for several weeks has been the new cotton storage warehouse for Jay Storage. Another major business concern is the projected new feed mill of the Fred B. Moore Grain Company just south of the Moore elevator. . . . Thanksgiving holidays have been announced by C. F. Cook, superintendent. Classes will dismiss Tuesday afternoon and no classes will be held Wednesday, Thursday and Friday. With the usual Saturday and Sunday dismissal, classes will not resume until Monday, December 3. . . . Mary Jo Hubbard, daughter of Mr. and Mrs. Travis Hubbard, was crowned Homecoming Queen by Cliff Reynolds Jr. at half time activities of the Colorado City-Hamlin football game.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN — City officials in Texas got a warning from Chief Engineer John Vandertulp of the State Board of Engineers.

He said Texas had better get moving on its water projects. Vandertulp's staff has just completed a water study outlining ways in which Texas cities and industries could meet their water needs for 1980. Half of the 14 reservoirs now under construction in Texas will be too small to supply their service areas by then.

It is going to take \$1,000,000,000 to build the reservoirs, treatment plants and distribution systems to provide water the Texas of 1980 will need. It will also take planning and working—starting now—to get the 45 reservoirs proposed by the Board of Water Engineers' plan built and full of water by or before 1980.

Plan is endorsed in most details by the U. S. Study Commission.

SALES TAX MODIFICATIONS — State Comptroller Robert S. Calvert thinks it's time to change the oil tax just adopted by the Legislature.

Constitution allocates the new sales tax on motor oil to the State Highway fund for road building. Consequently the corner service station man must keep books on this tax separately from sales taxes he collects for the State's general fund.

Calvert plans to suggest to the Legislature that this oil tax be levied at the jobber level, same as gasoline sales taxes. This will simplify book-keeping and collecting.

Speaker James A. Turman agreed that there are inequities in the new sales tax which the Legislature should correct.

First to talk openly about paying the tax under protest were the vending machine people. They can't collect sales tax on items selling for less than 25 cents, but they must pay sales tax on their gross sales.

Texas Merchandise Vending Association plans to ask for a court ruling.

LAST GO-ROUND—Sale of \$25,000,000 in bonds for the Veterans Land Board completes the borrowing for the State government for that program. Voters authorized \$20,000,000 to finance purchases of farms and ranches for veterans.

In the last year, about \$37,500,000 has been invested in land since the program was revived after an increase in the authorized interest rate.

L. H. Page of Carthage, Board, estimated that veterans will pay enough extra interest that the state will have made \$100,000,000 profit on this program by 2005. That is when the last loan is supposed to be paid off.

How Use Of Water May END YOUR CONSTIPATION WORRIES

As you grow older, your system begins to dry out. This is true of your digestive system, and it may lead to constipation. SERUTAN, taken daily with plenty of water, produces a smooth gel that provides the proper moisture, bulk and peristaltic stimulation to help end your constipation worries.

SERUTAN is the all-vegetable laxative aid that moistens hard, dry food wastes and forms it for easy, regular elimination. SERUTAN is entirely different from harsh chemical pills, salts, bran or oils. Take SERUTAN daily with water and enjoy regular elimination or your money back.

MORE STUDY — Governor Price Daniel asked the Legislative Council to bring its 1958 study on loans and interest rates up to date.

Governor Daniel now seems likely to call the Legislature back into session in January. He wants up-to-date facts on the subject of regulation of interest rates and lenders. Regular session just could not reach agreement.

He will ask also for passage of a bill extending the new escheat enforcement procedures to unclaimed bank accounts in banks and savings institutions.

Speaker James A. Turman appointed a special House committee to make a follow-up study of escheat laws. Reps. Franklin Spears, San Antonio; Ted Springer, Amarillo; Richard C. Slack, Pecos; Paul Harding, Goliad; and Reed Quilliam of Lubbock, are its members.

GOVERNOR APPOINTS — Gov. Price Daniel assigned Dr. James A. Turman (no kin to Speaker Turman), Texas Youth Council director, and Rep. Don Kennard of Fort Worth to attend the National Governors' Conference on Delinquency and Youth Crime in Denver, Colorado.

They'll come back armed with arguments on why Texas needs juvenile parole officers in more than just the five biggest counties. That's extent of present program.

Governor Danile is asking the Legislature to expand the five-man juvenile parole legislation.

FIRST RUNNER — Sen. Preston Smith of Lubbock became the first candidate for lieutenant governor in the Democratic primary next May 5.

Smith, who served three terms in the House of Representatives and five years in the Senate, ran third in the 1960 lieutenant governor's race. That was the year Ben Ramsey

Is Change-of-Life Making You Only Half a Woman?

Special women's medicine can relieve "hot flashes", weakness, nervousness... then you can enjoy life fully again! Has change-of-life left you so weak you feel only "half" alive? Suffocated by "hot flashes", constantly tense... so you can't be an affectionate wife and mother? Don't despair! Lydia E. Pinkham's Compound can relieve both tension and physical distress! In doctor's tests, Pinkham's gave dramatic help—without costly shots! Irritability is soothed. "Hot flashes" subside. Then most women can go "smiling through" change-of-life without suffering! If change-of-life has left you only "half" a woman, get Lydia E. Pinkham's Vegetable Compound from drugists. See how fast you can feel "all woman" again!

SLEEP 8 HOURS—WAKE UP TIRED? When due to simple iron-deficiency anemia, take Pinkham Tablets. Rich in iron, they start to strengthen your blood in one day!

Senator Smith, 49, is a theater operator.

HIGHWAY SPEEDUP—Faster feeding of federal-aid money into highway construction is reflected by the State Highway Department's monthly report.

As a recession-trimmer, U. S. Cash was sent out faster than had been scheduled. On October 1, there were \$325,838,077 worth of highway construction contracts outstanding in Texas, averaging at just about 50 per cent completion.

During last month, highway contractors completed \$18,684,270 worth of new construction. Figure doesn't include the maintenance work by Highway Department crews.

SHORT SHORTS

Railroad Commission again set November production of oil at eight days—the seventh straight month of 22 or 23-day shutdowns.

The Berliner Morgenpost of Berlin notified Governor Price Daniel that it is sending a check for 700,000 marks (about \$200,000) which it raised from the people of Berlin, to be used to help victims of Hurricane Carla. Check is made out to Vice President Lyndon B. Johnson, a recent visitor in Berlin.

TELEPHONE TALK

by Roy E. Manager

TO EACH HER OWN "PRINCESS"

The ladies of Hamlin seem to have taken to the "Princess" telephone as though it were designed just for them. And in many ways, I guess it was. For instance, it's little, light and easy to handle. It's styled to add a smart touch to any room in the house. And it lights up at night when you lift the receiver. This makes it especially attractive and practical as a night phone next to the bed. The "Princess" is available in live beautiful colors to suit every lady's good taste. To make the princess in your home even happier, give her a Princess phone for their bedroom. To order, simply call the telephone business office or ask any telephone service man.

Hamlin Telephone "Pioneers" Observe 50th Anniversary

This year marks the 50th anniversary of the Telephone Pioneers of America. Back in 1911 the Pioneers organization was founded. Telephone people with at least 21 years service with the telephone company were members then as they are now.

Today, membership in the association is just as exclusive. But the Pioneers have grown into a nationwide organization devoted to three things—loyalty to the telephone industry, devotion to community welfare and Christian responsibility.

Here in Hamlin we have three active Telephone Pioneers who have worked to bring you better telephone service through the years. Perhaps you know some or all of them. Clara Mae Tegart, retired; Vickie May, retired; Anna Burgess, retired.

Telephone Pioneers are proud of their service over the years but take even greater pride in the group's service to the community.

BACK TO SCHOOL REMINDER

It's the responsibility of every one of us to drive safely the year 'round. But it's a good idea to be especially careful at this time of year, particularly around school neighborhoods.

During their vacations, our children here in Hamlin have been so busy playing and having a good time that they may have forgotten some of the safety rules about crossing at corners, waiting at stop signs or traffic lights and other precautions.

So, while the kids are getting the hang of safety rules again, let's all be extra careful when we drive.

Call by number. It's twice as fast.

MALOUF'S

VALUE HARVEST

FOUR BIG REASONS FOR SHOPPING AT MALOUF'S;

1

Malouf's prices are always extra low, even when there's no big sale like this one going on.

2

Malouf's are interested in making sure that you receive friendly help in finding exactly the merchandise you want.

3

When you shop Malouf's, you're only minutes from your home; you can park steps away from the store; there are no tiresome big crowds.

4

The money you spend in your hometown stays here in the community helping all of us to prosper. Help yourself—shop at home.

NOW THERE'S ANOTHER GOOD REASON FOR SHOPPING AT MALOUF'S—THIS VALUE HARVEST SALE!

Faith Methodist WSCS Observe Week of Prayer

The first portion of the Week of Prayer observance was presented by Mrs. Bob Craig at the meeting of the Woman's Society of Christian Service of the Faith Methodist Church Tuesday evening.

She stressed the need for financial aid as well as the request for prayers for the work being carried on in the mission fields.

The Quiet Day and Spiritual enrichment program will be held at the church Monday at 7 p.m.

A really good driver is one sensible enough to obey the traffic rules — and quick enough to dodge others who won't.

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

Study Club Hears Program on Public Affairs Friday

The Fifty-Two Study Club met Friday in the home of Mrs. Jack Vaughan.

Reporting on Public Affairs, Mrs. B. O. Bell stated that the "Crusade for Freedom starts at your door." She urged everyone to display the flag on the 20 nationally recognized holidays on which the flag should be flown.

Mrs. Noel Weaver gave a report on International Affairs reminding the club that October 24 was United Nations Day and had been in existence for sixteen years. A silent prayer was said for the leaders of the U. N.

Mrs. Clarence Hyer announced that October 11-22 was National Bible Week and urged each member to read and study their Bible more. She also announced that October 15 was Texas Poetry Day but that each member should recognize every day as poetry day.

Mrs. Dale Lain led the group in saying the Gettysburg Address. The program on "Civil War" was presented by Mrs. L. A. Joiner and Mrs. Bell.

Those attending were Mes. Sam Walker, Tommy Davis, Hugh Finley, Jack Russell, Le-on Smith, Dan Gallagher, Ed Farmer, Bell, Joiner, Lain and Vaughan.

Ask Amy

BY AMY ADAMS

HOW ABOUT YOUR LINEN CLOSET?

Dear Amy: Since everyone airs their problems through your column, I as a hotel owner would like to do the same.

Do you know people have a bad habit of taking towels wherever they go? I own three hotels in different parts of the country and the pattern is the same. Don't they know this is a form of stealing? Yet these same people wouldn't think of missing church on Sunday. Maybe if you print this letter, it would give the clergy a thought for a Sunday sermon.

M. R. T.

Dear Mr. B. T.: "Towel-taking" has been a favorite hobby of travelers since way back when. I can't promise the clergy will do anything about it but I know how one hotel chain reduced this problem. They did away with the hotel name on the towel and took the fun out of the taking!

Dear Amy: Because my son was laid off from work and receives this paper at my address, I have had the pleasure of reading your advice so here's my problem. I am 43 years old and have 5 daughters at home to support and educate. The oldest is 16 and my baby is 10. My ex-husband deserted us for a young girl. He only pays me \$15 a week for support. As you can see, I have to work to support them. I don't have a steady job, only part time farm work which isn't enough to get by on. Would you tell me if my future in a city would be better. I have a 7th grade education which isn't much. I would love to live in Missouri for I was raised there as a child. Please advise me.

Puzzled

Dear Puzzled: Investigate the job opportunities in Missouri before making a decision. If you can do better financially and you would love to live there, make the move.

Dear Amy: I'm one of a large number of sisters and brothers and we are all married... except one brother. He is 40 years old and lives at home with our mother. Until recently he was going with a nice,

single girl but he broke off with her and told her he would never marry.

Now we find out he is going with a married woman of 56 with 6 children. Her first husband is separated from her and she chased out her second man. Since my brother came into the picture, the husband can't even see his own children. My poor Ma cries, begs and pleads with him to stop seeing her and he promises, but back he goes. He eats and sleeps there for days on end and when he comes home, there is lipstick all over him (this woman acts like a 15-year-old).

Amy, he's making a fool of himself. What can we do?

One of His Brothers

Dear Brother: There is nothing you can do! A 40-year-old man who enjoys being made a fool of doesn't deserve your sympathy or mine. Your brother has a one-track mind that leads him to her door. Pray for the day she slams the door shut.

...

Dear Amy: One of my girlfriends, who is 16, takes along her 11-year-old sister no matter where we go. I also have a sister who is 11 but she doesn't like to go with me. Of this I'm glad sometimes but it makes me feel as if she doesn't love me like my friend's sister loves her. Sis tells me I'm "too big a lady" for her to play with but with her own friends, she acts like 16 anyway. Do you think my sister really doesn't love me as much as the other little sisters love their big sisters?

Big Sister

Dear Big Sister: Your sister does love you. However, somewhere in your busy teen-age life you have left her behind and she possibly feels a little hurt. Try taking her with you sometimes. Treat her not as a sister, but as a real friend!

PERSONAL to Alan: Never go around with a married woman unless you can go "two rounds" with her husband.

Please address all letters to: AMY ADAMS c/o THIS NEWSPAPER For a personal reply enclose a self-addressed, stamped envelope

Party Honors Jackie Hopper

Mrs. Hub Hopper entertained her little son, Jackie Leon, on his second birthday on October 9th at 2 p.m.

Those attending were: Diane Croan, Belinda Patterson, Dereta Weaver, Dwain Weaver, Ronald and Randy Crouch, Mrs. Bertha Griggs, and Jane Hopper.

Beta Thetas Hold Initiation For New Members

A candlelight initiation ceremony for new pledges was held at the meeting of the Beta Theta Chapter of the Beta Sigma Phi Sorority in the home of Mrs. Guy Weaver, October 19.

Formerly accepted as pledges were Mes. Floyd Clifton, Bob McKsack, Jack Willingham and Dewey Nunley.

Presiding officer was Mrs. Max Murrell and following a short business meeting the pledges and members enjoyed a get acquainted hour.

Refreshments were served to Mes. Wilson Brannon, Jim Ballard, Tim Jones, Bill Foster, Max Murrell, Guy Weaver, James Harrison, D. C. Andrews, W. A. Hawkins and the new pledges.

First Baptist YWAs Meet With Sandra Smith

The Young Woman's Auxiliary of the First Baptist Church met in the home of Sandra Smith with Sue Johnson, president, presiding. The group sang the Y.W.A. hymn and repeated the watchword. Darlene Josey read the mission prayer list and Gloria Jenkins led the prayer. The program consisted of reading the "Ask Edith" column in the Y.W.A. magazine.

The community project for the month of October was making scripture cards for hospital trays.

Refreshment were served to Gloria Jenkins, Darlene Josey, Mary Debs Rountree, Sue Johnson, Sandra Smith and counselors, Mrs. J. O. Murphree and Mrs. Kenneth Riddle.

The next meeting will be held in the country home of Miss Lillie Young.

Andrews and Bell Win Bridge Meet

Results of the master point session of the Hamlin Duplicate Bridge Club Saturday evening were D. C. Andrews and B. O. Bell, first place; Mr. and Mrs. Henry Albritton, second; and M. B. Cox and Charles Nunn, both of Sweetwater, placed third.

The next meeting will be held Saturday at 7:30 p.m. in Bunny's Restaurant.

'62 CORVAIR MONZA

NEW FACE, SAME SPORTING HEART

We might as well tell you straight off: Corvair's the car for the driving enthusiast. Think that lets you out? Maybe. Maybe not.

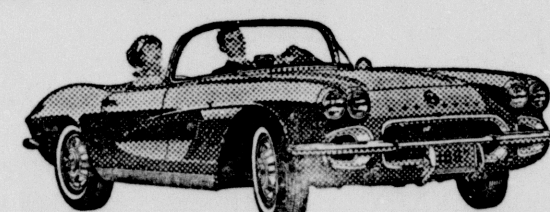

Until you've driven one, you really can't say for sure, because Corvair's kind of driving is like no other in the land. The air-cooled rear engine sees to that. You swing around curves flat as you please. You whip through the sticky spots other cars should keep out of in the first place. (Especially this year, now that you can get Positraction as an extra-cost option.) You stop smoothly, levelly with Corvair's beautifully balanced, bigger brakes.

Corvair's found other new ways to please you this year. A forced-air heater and defroster are standard equipment on all coupes, sedans and both Monza and 700 Station Wagons. So are dual sunshades and front-door armrests and some other goodies. You'll note some new styling, inside and out. Nice. And safety-belt installation is easier, too, and cheaper.

So you can see we haven't really done much to Corvair this year. Why on earth should we? If this car, just as she is, can't make a driving enthusiast out of you, better take a cab.

A New World of Worth

And here's America's only thoroughbred sports car, the '62 CORVETTE. We warn you: If you drive a Corvette after your first sampling of a Corvair, you may well end up a two-car man. And who could blame you?

See the '62 Corvair and Corvette at your local authorized Chevrolet dealer's

Carl Murrell Chevrolet Co.

OLD GLORY NEWS--

By SHARON LEVERETT

"Pirate's Gold" is the theme for the Queen and Princess Coronation to be held next Tuesday night in the Old Glory Gym beginning at 7 p.m. The public is invited to attend the program which will feature a Halloween Parade for the Little Folks first, entertainment by the Hardin-Simmons University Quartet and last the Coronation. The Quartet is composed of Rex Wilson, Gene Stuckey, Joe Taylor, Freddie Franks, and accompanied by Hilman Kirby. The quartet was arranged for through the Office of Public Relations through the courtesy of Mr. Hal Haralson. Judy Garner and Vernon Leverett, Jr., will hand the programs. Tommy Letz is Program chairman and M.C. for the program. Bobby Hunt and Alden Lowack are stage and Equipment Managers. Donnie Sawyers and Buddy Tredemeyer are in charge of the Voting and Nancy Robinson and Betty Sue Hunt are in charge of the Halloween Parade.

COLD SUFFERERS

Get fast relief from that ache-all-over, worn-out feeling due to colds. STANBACK'S combination of medicinally-proven ingredients reduces fever and brings comforting relief. Use as a gargle for sore throat due to colds. Snap back with STANBACK.

Quick Relief of HEADACHE

For relief of headache, neuralgia and neuritis pains, take STANBACK'S combination of medicinally-proven ingredients compounded specifically to speed up pain-relieving action. Many doctors recommend the ingredients in STANBACK. Get genuine STANBACK Powders or Tablets—unconditionally guaranteed to relieve pain fast.

UTILITY COMPANY WINS TOP HONORS FOR SAFE DRIVING

National honors for an outstanding safe driving performance have been won again by the employees of the West Texas Utilities Company in the Public Utilities Group 1 Division of the 30th National Fleet Safety Contest conducted by the National Safety Council.

Group 1, in which West Texas Utilities Company was the second place winner, was composed of the motor vehicle fleets of 40 major American utility companies. In this group, which was the largest in the contest, the vehicles of each of the competing fleets operated 175,000 miles or more per month during the year ending June 30, 1961.

West Texas Utilities Company was the first place winner in the 1960 contest.

The WTU fleet averaged 323 vehicles and more than 330 drivers. They were awarded second place at ceremonies held June 19 in Chicago as part of the 49th National Safety Congress, annual convention of the Council.

The award is based on the employees' safe driving record for the period from July, 1960 through June, 1961. During that period, WTU employees operated 5,227,938 miles with a rate of 23 of an accident per 100,000 miles of operation.

All accidents were counted in the contest except those occurring when a company vehicle was properly parked. Winners were determined after inspection of their records by an auditor appointed by the National Fleet Safety Contest committee.

"Credit for this national recognition in safe driving goes to our employees who operate the company vehicles," stated Cal Young, WTU President. "This is an honor of which we are very proud."

"We feel strongly that driving safely on our streets, roads and highways is one of our responsibilities to the people we serve. Ours is a service organization, and certainly the safe operation of the large number of automobiles, pickups and trucks which we operate in 50 counties is as much our responsibility as is good electric service to our customers."

The WTU employees safety activities are directed by Doyle Gray, Safety Engineer, and George Clerk, Jr., manager of the company's Insurance and Safety Department.

Gray accepted the award for the employees at a luncheon in the LaSalle Hotel's grand ballroom. More than 600 safety experts from the nation's motor transportation industry attended the luncheon.

In presenting the awards, K. K. Halbrook, Director of Accident Prevention Division, National Automobile Transporters Association, congratulated the winners and other participants on steadily improving their safety performance.

The combined average rate of 125 accidents per 100,000 vehicle miles was down 2 percent during the contest period from the previous rate, and was the lowest in the 30-year history of the contest.

The average man believes there are three things he can always do superbly well: sing, tenor, manage a baseball team, and make the driving rules.

Pipers Drop 13-12 Thriller

A game second-half try by the Pipers failed to overcome a smooth working Haskell eleven Friday night as the Pipers lost their first district game, 13-12. Picking up only two first downs in the first half, the Pipers scored twice in the final half but failed to make either of their two point tries work.

Both teams put on a fine passing demonstration with Hamlin quarterback Stanley Austin hitting five out of six for 71 yards and Haskell's Jerry Hadaway connecting on seven of 12 for 128 yards.

Fullback Frankie Lee gained 65 of the 110 yards gained by the Pipers in 14 carries. Austin followed him with 34 yards in 12 attempts. Top gainer for the game was Haskell's Dwight Stone with 71 yards in 25 carries.

Haskell took the opening kickoff and drove 68 yards in 12 plays to have a first down on the Piper eight yard line. The Piper defense tighten up

and four plays later the Pipers took over on their own seven. Failing to pick up the yardage for a first, punter Jerry Cooper booted the ball out from the 16.

The Indians opened their second drive from the Hamlin 49 with the big play coming on a 35 yard pass play from Hadaway to end Volly Ivy. On third down, Hadaway dove in from the two for the score. Lonnie Sturdy kicked the point after the Indians led 7-0.

Hamlin opened the second quarter with a beautifully executed 24 yard pass play from Austin to Cooper good for Hamlin's first set of extra downs. With the ball resting on the Indian 49, Williams carried three times for eight yards and on a fourth and two try Dan Newberry was held for no gain and the Indians took over on their 41.

The Hamlin line held and Haskell punted to the Hamlin 8, but a holding penalty put the ball back on the nine. Failing to make a first, the Pipers punted out to the Indian 39.

A fifteen yard penalty and a nine yard loss stopped any drive the Indians might have been able to muster and the Pipers took over on their 32. A Haskell penalty gave the Pipers a first on their 44 and Lee carried to mid-field on the next play. Austin fumbled with Haskell recovering on the Hamlin 49 to end Hamlin's drive.

With the time running out, the Indians passed five times in seven plays, completing three for 23 yards.

Hamlin opened the second half with a drive into Haskell territory. Taking the kickoff on their 37, the Pipers moved to the Indian 34 in six plays with Austin, Lee and Dan making the yardage. From the 34 Van was stopped for no gain. Lee was dropped for a yard loss and Dan lost another 7 yards.

Haskell took Cooper's punt

on their 12 and on third down punted from the 15. Taking over on the Indian 40, the Pipers started another drive with Austin carrying for two and then he was stopped for no gain. He connected with Cooper for seven yards and then

picked up the first on a four yard thrust into the middle. Lee gained three and then Austin picked up another first with a seven yard carry. Lee gained 10 yards to the seven in four plays and then Austin carried to the two and then sneaked in

for the tally with 15 seconds left in the third period. Austin's try for the two points was short and Haskell led, 7-6.

A 15-yard penalty had the Pipers kicking off from their 25 and Haskell put the ball in play at their 45. A 15 yard run and a 28 yard pass play set up the Indians next score with Hadaway carrying over from

THE HAMLIN HERALD

OCTOBER 26, 1961

the one. Hadaway's passing try failed for the two points and the Indians held a seven point lead.

Dan returned the kickoff from his 22 to the 35 and then Austin passed to Cooper for 29 yards to the Indians 36. Lee gained three, Austin and then Lee picked up five for a first on the 25. Dan gained one, Austin two and Austin threw his only incomplete pass of the night. On fourth down Aus-

tin passed to Cooper for 10 yards and a first on the 12. Lee carried to the 10, Austin to the eight and then with beautiful faking, Lee went into the end zone standing up. Austin bobbled the snapback on the two point try and Haskell held a one point lead.

With three and a half minutes left in the game, the Indians ran out the clock in seven plays with the game ending on the Hamlin 37.

PIPER PATTERN

By SANDRA SMITH

Something very important was missing from Hamlin High last week. What was the missing element? Yes, of course, it was our Mr. Cook. Mr. Cook was attending the State Teachers Association meeting as a delegate from District 7A. He left for the meeting, which was held in Houston, last Tuesday morning and returned Saturday afternoon.

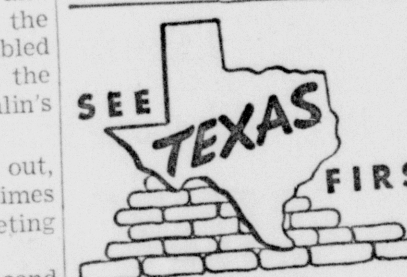

During the meeting, there were programs on the difference phases of education, and at each session the Houston Public schools provided some kind of entertainment. The speakers for the meeting were Dr. John H. Furby, Dr. Arthur F. Cory, and Dr. Andy Holt, president of the University of Tennessee.

While he was in Houston, Mr. Cook drove to Galveston and North Shore to look over the damage caused by Hurri-

cane Carla. He reported that there was not much damage in Galveston, but though there had been a lot in North Shore the people were getting back to normal.

-hhs-
The FHA will have a breakfast in the home of Lou Ann Hawkins Saturday morning. Once again the upper-classmen will serve as big sisters for the freshmen. The October meeting will be held at 9:00.

-hhs-
The "B" team will meet the Anson team next Tuesday night at 7:00 in Piper Stadium. Not much has been said about our "B" team this year, but these boys deserve more credit than they are ever given. The boys who make up the "B" team of today will be the "A" team of tomorrow. So, let's all get out and back these fine boys.

Side-Wheelers At Jefferson
Old side-wheeler boats used to churn up from New Orleans to Jefferson, Texas, in the northeast part of the state.

In 1874 a natural barrier in the Red River was removed. This resulted in a lowering of the water level seven feet in Cypress Bayou, thus making it un-navigable for boat transportation.

This ended Jefferson's standing as the principal river port and gate-of-entry to Texas.

Richmond Honors Fighting Secretary

An impressive statue of Mirabeau Bonaaparte Lamar, valiant military hero and acclaimed Father of Education in Texas, stands in Richmond, Texas, southwest of Houston.

Lamar served as Secretary of War and was the commander of the calvary at the battle of San Jacinto.

He was well known for his service both as President and Vice-President of the Republic of Texas and was instrumental in securing a public endowment for Texas schools.

Santa Fe hauls 2.3 million bales of western cotton to markets

King Cotton has moved west.

In 1945, only 36% of the nation's cotton was grown in the West. Today over 62% of it comes from states served by Santa Fe.

This year Santa Fe will haul over 2,300,000 bales of cotton to markets in 34,000 box cars—enough box cars to make up a train 284 miles long.

Hauling cotton and other important crops, materials and products from where they are grown or made to where they are needed is another example of how Santa Fe is meeting the transportation needs of a growing America.

The railroad that is always on the move toward a better way

SANTA FE SYSTEM LINES

1962 MERCURY MONTEREY

The best-looking buy for the big-car man

Stands out like a man among the boys for room, ride, power and quality!

IS BIG-CAR ROOM WHAT YOU'RE LOOKING FOR? Discover the big-car standout—Mercury Monterey, a 6-passenger car without qualification. And luggage space? 30.7 cubic feet—enough for the gear six hunters would carry.

AND HOW ABOUT BIG-CAR RIDE? Mercury Monterey has the quality extras that make the difference here. Like the 120" wheelbase—longer than other cars in Monterey's field.

And the heftier weight, the more solid road "feel" that lighter cars can't match. Plus Mercury's exclusive Cushion-Link Suspension, that stops jolts before they reach you.

PERFORMANCE? QUALITY? Three brilliant V-8's and a thrifty "6" deliver top power, top economy, or any combination in between. And Mercury Monterey quality goes deep—from a baked-on Super-Enamel finish right

down to the tires (4-ply, where most other cars have 2-ply tires).

NEEDS SERVICE ONLY TWICE A YEAR ... or at 6,000- to 30,000-mile intervals. Oil changes and minor lubrication at 6,000 miles, major lubrication at 30,000 miles. The anti-rust, anti-freeze coolant is good for 30,000 miles or two years. Brakes are self-adjusting.

PRICE? Down in the popular-price range.

FAIRVIEW NEWS--

By MRS. ELMER JOINER

The last week has been a perfect fall weather time, clear cool weather, with just enough nip in the air to make you pull cover at night and sleep like you never slept before. Since the boll worms and weevils have destroyed all of the fruit of the late cotton, early freeze would be just as well where a few weeks ago it looked like it would be a disaster. This is one of those years that one or two weeks in cotton planting meant the making or not making of the cotton crop. Some late maize could use more time, but as a whole the late maize isn't so good.

The farmers of this community turned out again in force last Thursday morning to help a sick neighbor. By noon fourteen one way plows and four wheat drills had put the next wheat crop in the ground for Jack Gray. Mr. Gray had returned home from the hospital on Friday of last week but late Sunday night he became ill again and went back to the hospital and stayed almost a week. He is home now and we all hope he continues

to improve, and soon recovered from the wreck he was in a few weeks ago.

The men bringing one way plows and drills to help were: Mel Jones, Woodrow Goodwin, Elmer Joiner, Joe Murff, two plows and a hand, name unknown, Ed Rodgers, Raymond Waddell, George Wainwright, Wayne Hodnett, John Turner, Flavel Holmes, J. C. Riddle, Bo Perry, Clifford Eoff, Raymond Seifers, Earl Abernathy, Robert Rhoton and Tip Turner.

Prayer meeting was held at the Fairview Baptist Church last Thursday night. The pastor urges all members to join him there this coming week at 7:30 p.m., Thursday night.

It seems that Mr. and Mrs. E. A. Henry had lots of company last week. To begin the week a son, Mr. and Mrs. Cios Henry and family of Snyder visited Sunday. From Tuesday through Wednesday, friends from Plainview, Mr. and Mrs. J. C. Thomas and Mrs. O. L. Allen. Then Thursday until Saturday a brother, Mr. and Mrs. M. C. Henry and a friend Mrs. Coplan all from Crosbyton, and joining them for a visit Friday were three nieces, Mrs. Bertie George of Hobart, Oklahoma, Mrs. Ira Tipton of Oklahoma City, Mrs. Gladys Tipton and their father, S. E. Floyd of Tipton, Oklahoma and Mrs. Henry's sister, Mrs. Jim Norman of Rule. Mrs. Henry reported a good time was had by all and with the help of her deep freeze food wasn't hard to prepare so they spent the week enjoying themselves.

Mr. George Wainwright was smiling over the arrival of a new grandson, born last week

to her son, Mr. and Mrs. Nathan Stephens of Odessa. This is the Stephens third child, two boys and a girl.

Mr. and Mrs. Marvin Johnson and sons of Amarillo surprised her parents, Mr. and Mrs. Winson Gray, with a visit Saturday night.

Sunday the Grays were dinner guests of Mr. and Mrs. M. S. Johnson, of Hamlin. The Johnsons are the parents of Marvin, so the grandparents enjoyed having the little grand sons with them.

Mr. and Mrs. Raleigh Bond had two of his brothers as visitors last Wednesday night, one from Abilene and one from Jal, New Mexico.

Sue Roddy visited with Linda Goodwin Sunday afternoon. Jack Wright was in the hospital Sunday with a severe case of sinus.

Mrs. Doyle Combs and girls visited with Mrs. E. A. Henry Saturday afternoon.

Mr. and Mrs. Joe Ford enjoyed having several of their children and grand children to spend Sunday with them. Mr. and Mrs. Willard Herring and children of Abilene, Mr. and Mrs. David Ford and baby, also of Abilene, and Mr. and Mrs. Joe E. Ford and children of Hamlin.

Mr. and Mrs. Mel Jones went to Stamford Sunday to help his brother, Newman Jones celebrate his birthday. His birthday falls on October 26, but his children and other relatives, went Sunday for a dinner and to wish him well.

Mr. and Mrs. Raleigh Bond visited with Mr. and Mrs. Woodrow Goodwin and Linda last Saturday night.

Mr. and Mrs. Fred Rosenbaum have both been on the sick list for the last week or two, with flu and asthma.

Mr. Woodrow Goodwin has purchased a new tractor.

Rev. and Mrs. Doyle Combs and children spent Sunday with

TUXEDO NEWS

By MRS. CLYDE PRITCHARD

With the pretty weather, farmers have been very busy getting the cotton gathered and ginned. Several have caught up until it is defoliated or frost comes.

Twain Mickler, 26, son of Mr. and Mrs. Jess Mickler of near Stamford, who was badly cut and bruised in a one car wreck this week in Stamford, is a nephew of Mr. Curtis Ross of this community and Mrs. Seth Adams of Hamlin. The car was a total wreck.

Mrs. Jack Buske had surgery at Hamlin Hospital Thursday and is doing fine.

Mr. and Mrs. Hermond Hunter of Odessa was here on business Sunday. He also visited the Gayle Baize and the Doyle McKinnon.

the Woodrow Goodwins.

Mrs. Elmer Joiner attended council of the Home Demonstration clubs in Anson last Wednesday.

Mr. and Mrs. Elmer Joiner went to Stamford Sunday afternoon to visit their son Mr. and Mrs. Jimmy Joiner and children.

The Fairview Church is sponsoring a community Halloween party next Saturday night October 28th, at the Oil Mill guest house in Hamlin. This is for our friends that would like to attend, and is not just for our church. We invite you to be there if you enjoy an evening of fun, with a little seriousness mixed in.

A program will be presented, ghosts will be on hand and refreshments will be served. If you wish, come dressed as a spook, the reason the party is to be held early is so it will not conflict with other Halloween activities.

Mr. and Mrs. Percy Jones of Wichita Falls came Sunday for a visit with Mr. and Mrs. Edwin Tacker and Mrs. Sadie England.

Mr. and Mrs. Paul Stephens of Sylvester were lunch guests of their son, Craig Stephens and family on Craig's birthday Sunday.

Mr. and Mrs. Clyde Pritchard and reported back to Dr. Earl Cockrell who treats Mr. Pritchard Friday and spent Friday night with their son, Ed Pritchard and family.

A wildcat oil well was started on one of the J. K. French farms Saturday night which is located about 2 miles due south of the Baize Store.

Mr. and Mrs. Willie Bennett visited Mrs. Gene Bennett and children at Abilene Saturday.

Mr. and Mrs. Lawrence Anderson of Abernathy spent Thursday with Mrs. C. P. Anderson.

Eldon Pope of Pasadena, Texas, spent two nights this week with Mr. and Mrs. Curtis Ross. Mr. Pope is a brother-in-law of Mrs. Ross.

Mrs. Mary May and daughter, Mrs. Paul Jones of Stamford visited Mrs. Ruth Apperson Friday.

Mr. Eugene Parnell of Abilene, and his grandmother, Mrs. Ben Ashburn of this community, both have been in the Hospital this week.

Mrs. Ashburn returned home Sunday but he hasn't been released yet.

Mr. and Mrs. Paul Galey of Hamlin were supper guest of Mr. and Mrs. Bill Pritchard Sunday night.

Mr. and Mrs. Oran Brigham visited Thursday night with Mr. and Mrs. Garland Wade of Abilene. Wade is leaving this week with the 490th Civil Affairs Company of Abilene to report to Fort Gordon Georgia.

Mrs. Rebecca Harwell and Mrs. Bonnie Meads left Thursday afternoon for Tyler to attend the Rose Festival there.

Mrs. A. J. French and boys went to Weatherford Thursday to visit Mrs. W. R. Clardy. Sgt. and Mrs. Charles Ballard and children were also there.

Sgt. Ballard has recently been transferred to Carswell Air Force base in Fort Worth.

Mrs. Oran Brigham was hostess to the Coffee Club on Thursday of this week. Five members and some children were present.

David Osment of Lubbock spent Sunday and Monday here with his parents, Mr. and Mrs. Walter Osment.

Mr. and Mrs. Norman Carlton of Hamlin visited his parents, Mr. and Mrs. W. C. Carlton Sunday.

David Strickland left last Monday to report to Fort Dix and from there the following Sunday, duty in Germany. Mrs. Strickland is the former Betty Vinson who is here with her parents the Callie Vinsons while he is away.

A supply preacher, Rev. Edwin Fraiser of Abilene, filled the pulpit at the Baptist Church Sunday in the absence of our pastor.

Mr. and Mrs. Paige Baize and children, Dianne and Donny of Potosi, were lunch guest of Mr. and Mrs. Gayle Baize, Van and Marlene Sunday. Paige was speaker at the Church of Christ.

Mrs. Clyde Pritchard visited Mrs. Lola Meads and Mrs. Fannie Williams at Rea Rest Home and Mrs. S. A. Buntin in Stamford Hospital Tuesday. Mrs. Buntin was released from the Hospital on Wednesday but will have to go back for treatment.

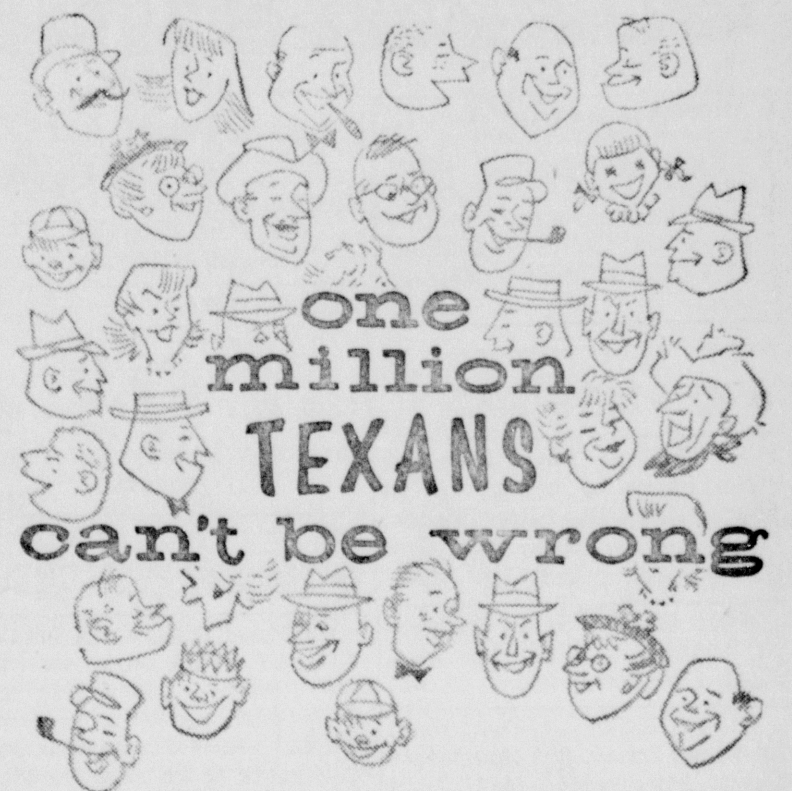

Pat Pritchard is now employed by the Swenson Ranch.

Corinthian architecture is characterized by columns usually elaborately fluted and carved.

wonderful new comfort for false teeth

CUSHION FOR FALSE TEETH
No more messy, sticky, old-fashioned pastes, powders or pads. Each application of plastic Cushion for False Teeth ends loose denture troubles for weeks at a time. Easy to use, sanitary, mildly medicated to help heal sore gums. Eat "wanted foods" with comfort and confidence—no food particles under plate—no "denture breath". Talk, laugh—even sneeze—your plate stays comfortably in place!

4 to 6 months supply \$1.39 IN THE GREEN AND WHITE BOX
HOWARD CITY DRUG

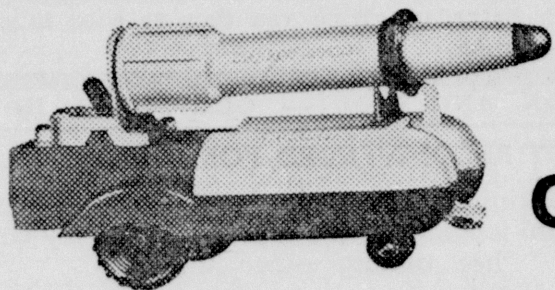

A conservative estimate shows more than One Million Texans are served by the electric cooperatives of Texas.

A million satisfied customers is a proud record indeed but the rural electric systems are not resting on their laurels. There are heavier lines to be installed... poles to be replaced... new heavy duty equipment to be made available for the increased demands of rural homes and rural industry. The cooperatives are working efficiently at the continuing task of providing modern up-to-date electric service to the areas they helped to develop.

The rural electric systems of Texas are providing a dependable, efficient electric service today... while Building A Brighter tomorrow.

Here is the most exciting new toy of the year!

The **ENCO** Energy Rocket
Only \$2.95* with coupon from your neighbor in a HUMBLE uniform

This Humble exclusive is a fascinating toy. So safe and easy to use, a small fry of six can run it. So much fun, even Dads will monopolize it.

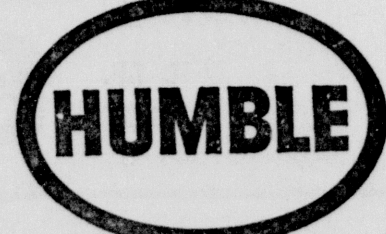

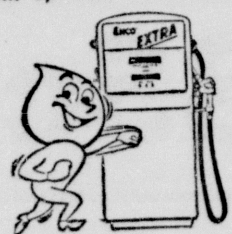

Its principal parts are of **Escon**, Humble's tough new plastic. It's battery powered, easy to assemble, (and the car is securely held together by screws). Simply start it, place on track and after a turn or two, throw the switch. The car zips down the side-track into a plastic bumper and *wh-o-o-o-sh!* The rocket zooms toward the ceiling (but doesn't hit it).

Ask for a coupon at the Humble sign in your neighborhood today. Mail with \$2.95* (cash, money order or check) to address on coupon.

* (plus State tax where applicable)

Without coupon—You can buy the **Enco** Energy Rocket without a coupon for \$5.95.* Mail cash, money order or check with name and address to Rocket, Humble Oil & Refining Company, P. O. Box 1244, Houston 1, Texas.

Give your car an energy boost—fill up with Enco Extra gasoline

4-H Council Meets Elects Officers For Coming Year
The Jones County 4H council met in the agent's office on Saturday morning, with 15 attending. The purpose of the meeting was to elect officers for 1962 and to promote and encourage 4H club work and to coordinate 4H activities in the county. The Jones County 4H council is composed of the presidents and an elected delegate of each of the Girl's and Boy's 4-H Clubs of Jones County.

Debbie Lewis of Anson was elected chairman of the group. Londa Rister and Thomas Hicks of Hawley were elected Co-chairmen. Others elected were: Secretary-Treasurer Donna Blackstone of Luaders. District Council delegates were Mike Holloway of Anson and Londa Rister of Hawley.

The 4H Achievement Banquet to be held in November was discussed. After the business meeting, the agents, Mary Y. Newberry and Kirby Clayton discussed Parliamentary Procedure with the group.

Those attending were: Sherry Tabor, Glenn Burkman, Gil Linn, Sharon Hawkins, Mike Holloway, Mike Poeschel, Londa Rister, Linda Rodgers, Ronnie Bristow, Thomas Hicks, Donna Blackstock, Debbie Lewis, Jan Moss and the agents.

Coral reefs are skeleton-like masses formed by the secretion from animals called "coral polyps."

ERSKINE CALDWELL'S 'CLAUDELLE INGLISH' COMING TO ROGUE

When the author of a best-selling novel on which the motion picture is based, the director of the film, and one of the stars unite to praise the work of the young actress in the title role, the motion picture-going public has something to look forward to.

"She IS my Claudelle," said novelist Erskine Caldwell, who flew from San Francisco to watch Diane McBain starring in Warner Bros. screen presentation of his "Claudelle English." The drama, which also stars Arthur Kennedy and Constance Ford, opens Sunday at the Rogue Theatre.

"She is a truly natural actress," reports Gordon Douglas, the film's director. "Although only a few years ago she had no intention of becoming an actress, she was destined to be one. Diane has the natural ability to concentrate and become the person she is portraying. God gave her talent."

She has the talent and beauty to be one of Hollywood's finest stars," opines five-time Academy Award nominee Arthur Kennedy, who plays her Georgia sharecropper father in the screen drama.

Diane plays an innocent young girl who, jilted by her first love, wantonly throws herself at the men of her town and brings disaster to her friends, her family and ultimately herself. In addition to Kennedy and Miss Ford, who portray her parents, TV's "Sugarfoot" — Will Hutchins — and veteran character actor Claude Akins are also starred in the Leonard Freeman production.

Hutchins' rivals for Diane's favors in the film include Frank Overton, who plays his father, Chad Everett, Robert Colbert and Robert Logan, who are featured with Ford Rainey, Jan Stine and Hope Summers in the film.

Born May 18, 1941, in Cleveland, Ohio, and brought up in Glendale, California, Diane graduated from Glendale High School, intending to go on to college. It was, in fact, while she was on a modelling assignment during her senior year to earn money for college that she was spotted by a talent agent who secured her several television appearances.

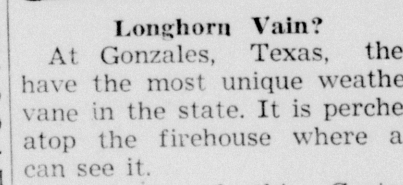

Her video appearances in turn brought her to the attention of Warner Bros. executives and led to her motion picture debut in the featured role of the granddaughter of Richard Burton and Robert Ryan in Warner Bros.' Technicolor version of Edna Ferber's "Ice Palace."

Harold L. Low Is Promoted

MANNHEIM, GERMANY — Harold L. Low, son of Mr. and Mrs. Alve O. Low, 550 N. Central, Hamlin, Texas, recently was promoted to specialist four in Germany, where he is a member of the 51st Infantry.

Specialist Low, a mechanic in the infantry's Company B in Mannheim, entered the Army in March 1960 and completed basic training at Fort Hood, Texas.

The 20-year-old soldier attended Hamlin High School.

Longhorn Vain?
At Gonzales, Texas, they have the most unique weather vane in the state. It is perched atop the firehouse where all can see it.

Residents of this Central South Texas town are ready, willing and able to tell you about the vane and the impressive history behind it and the T41 brand.

What makes this weather vane so different from others? In the first place it's made of gold-plated copper. Second, it's the same size, shape and weight of a real Texas longhorn steer.

For further realism, this 2,000 pound longhorn vane always faces the wind, just as did the real longhorns in their trips from Gonzales up the Chisholm Trail.

Coodies was a nickname applied to those members of the Federalist Party in New York who favored the War of 1812. A chinook wind on the eastern slope of the Rockies can melt two feet of snow in 24 hours.

TELLING AMERICA ABOUT THE BUSINESS AND INDUSTRIAL ADVANTAGES OF THE...

"Center of the Southwest"

We call our service area the CENTER OF THE SOUTHWEST, because that is a literal description of it.

In a two-gun campaign, our industrial development program capitalizes on this fact

We tell expanding industry by mail and in our national advertising that the fast-growing Southwestern market can best be served from the heart of the region.

In addition, our area development representatives tell the same story in personal contacts with business executives in large industrial centers

West Texas Utilities Company believes in the business and industrial advantages of the CENTER OF THE SOUTHWEST.

And, we are telling America about them.

West Texas Utilities Company an investor owned company
